## Transkript

0:00 warn you that this is um we're talking about very extreme things I was taken to a a special

0:07 room a secret room with a Butcher's Block where I was tied to this butcher block and I was tortured so what

0:14 satanists do is they call on the lower vibrational beings these are

0:20 intelligences separate from us that mind control training which lasted 1

0:26 month that was the official which people say K Ultra it's more like that but I

0:32 saw energetically I saw people becoming completely inhuman and and and as if

0:40 they were taken over by another entity that's for sure wake up inside for your

0:46 love me and you information connect

0:52 dos big picture

0:58 WHO knows

1:16 [Music]

1:28 helloing

1:53 for an [Music]

2:00 n

2:38 on thank you very much um

2:45 yeah let's let's try to Jump On In

2:59 where does the story begin or your story yeah okay yeahor

3:58 so uh I'm going to speak English because that's the language that I will be able

4:03 able to speak about this subject yeah and we will translate it with subtitles in German and and we said I will try to

4:09 speak in English but I'll I'll I'll try um German because it gives me a more better range for me so let's try to to

4:17 synchronize okay so yes my story in short was that um um I was born to a

4:26 single mother in 1963 in Brussels Belgium WHO uh herself was though she

4:32 was working and she was functional she was working as a as a secretary at the

4:38 local uh well which was the national and the only television station at the time 63 was beginning of TV and she uh was

4:47 not mentally well so she was abusive from the start she was married uh

4:53 to someone that she met um recording in progress um

5:01 sorry okay she was she was married to someone um you know when she was when I

5:06 was three three years old uh 1966 sometimes I say four years old so so sometimes if I'm not completely correct

5:13 on the details um but yeah I was actually three years old and uh we then

5:19 moved to Flanders and in the village where we lived uh I think she was singled out also because she was not

5:26 well and soon um we had a cleaning lady WHO proposed to

5:33 take me out uh with her husband on outing so now I was going with the cleaning lady and her husband um on

5:41 outings every weekend pretty much my mother had my brother my little my half

5:47 brother so she was very happy to have me taken off her hands and I didn't like

5:52 those people I never wanted to go and when we were going there were always different children there so they were

5:59 Dutch people people and so we were Belgian so they would say that these are their nieces and nephews and some

6:05 children were Dutch others were Belgian they always kept me a little bit separate from the children and they

6:10 could change all the time also so um she came were to work for us when I was five

6:17 and just around my sixth birthday was the first time that this couple um I

6:22 mean the man the husband took they took me to a a network event in a castle and

6:31 immediately uh it was extreme it was

6:36 um it was just unbelievably extreme you know that it was not there was no

6:42 gradual um indoctrination it was just thrown into an extreme situation which

6:48 was um a massed ball uh people were dressed as hippies it was extremely confusing there were drugs being passed

6:55 around on Silver platters because we were in a castle so I didn't understand that these people were not hippies they

7:02 were um Aristocrats that were dressed as hippies and other people that belonged

7:07 to the network and I was uh horrendously abused right away and in an extreme

7:12 fashion so we at age at six around my sixth birthday 5 to six so we're talking

7:19 extreme SNM right away and um so there was the first time

7:26 and I immediately uh I was so humiliated that I

7:34 immediately you know because it was the first time I stood up and spoke up I knew that I had to say something it felt

7:42 like I needed to save my soul I needed to save my life otherwise I would not

7:47 survive it felt like so I spoke up I told everyone that they couldn't do this to me talk to sorry to interrupt I just

7:55 want to go into the details like if if if this would happen

8:15 because it was a public event there were people there and I was abused on a stage

8:21 um in the middle of a salon [Music]

10:15 [Music]

10:28 just to took get this pictures straight like there are people having a party a

10:35 mask party and there is some some kind

10:45 of the husband the H the husband of the cleaning lady so he was abusing me on a

10:52 stage before this happened already this this was happening there so this was the

10:57 first time when I was taken to this network he had me on a dog collar un

11:03 leash and he was naked and so was I and so he was humiliating me on the stage as

11:11 he had me on a collar and Leash and the people around that were dressed up as hippies were so high and

11:18 drunk that they barely noticed although he did something extreme and then people

11:25 would go oh gross you know and they sort of turn away but but still not my child

11:32 being abused yeah there was a child being horribly abused on a stage clearly

11:37 the people that were there were used to that that would nobody seemed shocked by

11:55 that nobody yeah but nobody looked me in the eye I wasn't trying to look at people I was so humiliated you see wow

12:02 um I wasn't trying to look I was being you know um abused on while I was being

12:07 treated like a dog so no I wasn't looking anyone in the eye and but people clearly were used to children being

12:15 treated this way that's you know that that and and I believe that they were

12:20 Aristocrats but so after that I was just left lying there the color was removed

12:28 and the the man left but I was lying there by myself on the stage and everyone was completely ignoring me and

12:36 at this moment I felt no I cannot if I don't do something now to

12:42 save myself I will die that was what I felt so then I stood up and then as I

12:48 stood up I felt force in my body just straightened me up and then I spoke and

12:55 I said you can't do this to me to the people there you can't do this to me I'm going to make sure you'll all be

13:00 punished nobody took it seriously except one man cuz everyone was too high

13:06 everybody was so high they barely noticed high on on what what do you think high on what just passed

13:13 around so it's 1969 the drugs that were being passed around was LSD clearly like the psy

13:20 psychic growing but it was everything and everything there were there were joints on on Silver platters you know

13:27 there were pills every it was a drug party it was a a mass ball

13:33 where people were dressed as hippies but also doing the drugs that the hippies were taking so everybody was completely

13:39 out of it except for when I stood up there was one man WHO looked very scared

13:46 and he left so he looked at me he did look at me and he I thought I reached

13:51 him but he left uh that was a man WHO later became first uh prime minister but

13:59 I in the network I never saw him again but he was um he was the one I recognized

14:05 later so this was my the first time I was taken to the network it was

14:10 completely extreme I was after I stood up and spoke I was taken by a

14:18 Handler uh to a large basement and I was shown um and I have

14:26 to just take take take your take you warn you that this is um we're talking

14:32 about very extreme things that was shown a body a body of a young woman WHO had

14:39 just been murdered in which um in which count country do you still know do you

14:45 do you know where his place is do you know where his place is I don't know the castle this was at there's a lot of

14:51 castles in Belgium it was in Belgium and and it was and it turned out

14:58 as I uh was in the network five and five year over five years it turned out that there's quite a few castles quite a few

15:05 Aristocrats that were giving up their castles for org's um for the network

15:10 which the network was um consisting of politicians well it was the royalty so

15:16 the top of the aristocracy if you will that were really in charge and then there was the then minister of National

15:22 Defense paans WHO was sort of the the mafia boss of the network uh WHO was

15:28 arranging everything and WHO is getting people in now this first party I didn't see you

15:35 know this was a mass ball so it was more among it felt like it was more among the

15:40 elit it was more among the aristocrats and um but but after

15:46 that I started being used very regularly at events so it would be you know much

15:53 Tamer um you know even orgies would usually be Tamer um I never again saw an

15:59 SNM uh show during an orgy afterwards it was rather that there was a party and

16:07 then maybe there was an orgy maybe there was there was sex happening and then the

16:12 children I was waiting in an anti- chamber with a Handler with maybe some

16:18 other children until the those people that were not ready supposedly for

16:24 children were gone so we were brought in in the late hours and then those that remained um would be

16:33 used either to be indoctrinated into this uh Club exclusive Club of power

16:40 where um I would make them as a 67 8-year-old

16:45 I would have to make them feel comfortable um to be with a young child and that was then taped or was um

16:54 vid secretly photographed or videoed and then those people would be forever in the pocket of you know whoever um the

17:02 the the politician WHO is running the network that had a lot uh to

17:08 do with it a lot a lot of say he was blackmailing everyone and then those

17:13 people would find themselves you know in increasingly important uh positions in

17:19 government or if they were lawyers they would then do jobs for the network then

17:24 the aristocrats some of these Aristocrats were already um part of it and then of course uh you know the the

17:32 thing with the royalty is that I didn't even know um some of those people's

were Royals until I I I didn't know WHO

17:39 anyone was to tell you the truth but um but one of the Royals for example that

17:45 was in charge there not at all known to the public for example I guess there are so many

18:17 C

18:32 Prince and

19:09 yeah so for proof it's like we're I'm talking about things that happened 50 years ago in a network where the

19:17 greatest specialty of the network is to be able to get rid of all evidence you know and that includes um Witnesses of

19:25 course uh we know in the D case that at least 30 people ended their life ended when they wanted

19:31 to testify specifically about the existence of the network um rather than

19:37 that Mark duu handled with just a few people around him um so but for me

19:44 personally I spent most of my life healing from this trauma so when I look

19:50 at how I was in the early 20s I can tell my story a little bit more later because

19:55 I was out of the network by age 11 so there's several aspects to my story that

20:01 are unusual first I was uh a throwaway child as they say and I was used for anything

20:09 but then I became and then I took someone what a throwaway child maybe to get some some cont child that can be

20:15 killed I mean

20:46 throw away children right yes throwaway children exactly and that is also by the

20:52 way I work with survivors so for example One Survivor of Jeffrey Epstein was

20:58 actually taken by him in Kosovo as a baby you see so the um the Orphans of the war zones

21:06 are put in places where then traffickers basically traffickers Elite traffickers also come to get children and um you

21:15 know depending on then they get triaged you know the children are triaged now in

21:20 initially in the network I was going to you know anybody could do anything with me so there were a few instances with

21:27 some um very sick um Aristocrats that I definitely

21:33 could have died and it was just an an accident you know that I didn't that I survived um however at 9 years old I was

21:43 then chosen to be um to be part of the

21:48 network to become an inside child of the network uh by an international you know

21:54 by you know David Rockefeller WHO I recently named um and he was there he

22:00 came to Belgium because he was a part of the Bilderberg meeting that year in 1972

22:07 when I was 9 years old and I was uh given to him um as well as another child

22:13 for a ritual the other child um was

22:19 killed and um and he um very how how how are you

22:24 know sorry to to interrupt you but I just want to make the I was there but I don't want to talk about that now

22:30 because I telling you something else but um just to say that I ended up being

22:35 miraculously chosen miraculously Chosen and then singled out to become

22:44 his project the the project of David rockfeller WHO was then going to um be

22:50 behind me and WHO was going to create me into um the slave that he wanted which

22:58 would be you know I would be given a platform I would be receiving a lot of the gifts

23:03 that you get when you are part of this club and so my life changed completely

23:09 the way people treated me changed the way abusers treated me changed completely so I I was in the unusual

23:16 position to be both a a throwaway child at first and then to be an child afterwards and to be

23:26 out at age 11 and then never to be in again never to be used again afterwards

23:33 so I had most of my life to heal and so we were talking about proof and I just want to come back to that because for

23:41 proof when you heal so I didn't remember you know the mind control is all about

23:48 dissociation and Trauma dissociates you so the trauma of the network itself

23:53 would already dissociate you but then the mind control training means that you are deliberately traumatized in order to

24:01 dissociate you so naturally I you wouldn't remember something because it

24:07 you you you you in the trauma the trauma becomes so severe that all your brain

24:13 activity it overrides the memory and and it do it it things to hide this as good

24:20 as possible right yes and it's extremely scientific in the way that this is um applied and

24:27 while I was um so so in the beginning I still remembered but then I was with my

24:34 mother WHO why you talk sorry to to I'm so sorry sorry I'm not just trying to to

24:41 understand you better why didn't you go to your mom for example okay this this happened in the beginning I think you

24:47 did you talk to your mom I tried to talk to my mother I tried to talk to my mother when I was six years old when it

24:53 first happened and then she took over so my mother then became my my pimp so my

25:01 mother herself being mentally ill so she knew basically what what happened she was doing it herself and she was getting

25:07 paid so we're not we're not talking about a normal mother my mother was part of it my mother I tried to tell my

25:15 mother what had happened when I was six in spite of being shown a body and being

25:21 told I should never speak and and otherwise this is what's going to happen to me in spite of that I still try to

25:27 tell my mother and then my mother ended up taking over from these um these these

25:34 these the the cleaning lady and our husband so so I felt that it was my

25:42 fault that this was happening because I told her and um so my mother was getting

25:49 paid that came out later and when I was rescued from the network

25:56 at age 11 I knew initially I knew because I was

26:01 actually my body was full of wounds from what had happened and so I was I I wasn't

26:09 dissociated from what had happened but my mother needed there to not have anything not

26:17 her denial was so thick that it was like

26:23 living in a totalitarian state with my mother as her awareness what it need she

26:29 needed to believe that she was a good mother and that meant that nothing was wrong with me so the wounds were ignored

26:36 as if they never existed she would lie about it I would try to get her on it she would come back again with um

26:44 revenge and that led her to um sexually abuse me again but okay there just to

26:53 get that control again she sexually abused me again and then the shame of

27:01 that was so intense for me that I just went with her whatever she wanted that

27:06 was the reality so I had this Narrative of my mother's that I went with that was

27:13 then helping me too because it's better for me if it's not true too so but my

27:19 life was very difficult I left um very early um I left home at 15 I had a very

27:27 difficult life I was uh working in the red District at age uh 16 I I wasn't sleeping with men but I was there I was

27:34 naturally drawn to these uh places and so I had a very difficult um young adult

27:42 life and um it was because the person inside the network WHO had gotten me

out

27:49 gave me instructions for life and that in the beginning that's what helped me  
NE don't remember anything was one of

27:56 them of course but also don't buy drugs don't um do anything to get drugs  
never

28:02 sleep with anyone for money never become a prostitute there were very very  
clear instructions that I was following that

28:09 really saved my life in the beginning because I would have fallen in every one  
of these traps and he even this uh said

28:18 whom I should marry a very precise profile of the man I should marry which

28:23 was not an older man that made his own money but someone my age from a  
wealthy

28:29 family and preferably a family of New York Bankers so this is why I ended up

28:34 in New York and I'm actually still here that was all because of these  
instructions so I had an

28:41 extremely difficult challenging um young adult life because

28:47 I was extremely dissociated um I had programs that were constantly running  
so I could only be

28:53 comfortable for example one-on-one with a man that meant that I was always  
getting jobs because I was tuning in and

29:01 seducing unconsciously seducing the men when I was in an interview for a job  
which was like a little menial job I'd

29:08 get the job and then I couldn't do the job or I was too dissociated to do the  
job then I got fired again and then

29:15 that's how I survived you know from little job to little job I left the country and  
once I went into therapy

29:22 which was already in the 80s you know I got I was getting flashbacks very early on I was in therapy in the ,

29:29 80s that once I was in therapy what was happening was

29:35 that when you have a memory that comes to you and you process that

29:41 memory that even though it may seem your life is getting worse because you're now starting to feel all these horrendous uh

29:48 feelings of all the betrayals and all the pain and everything that was done to you that you couldn't feel when you were

29:55 surviving even though it may seem that your life is getting worse you immediately feel from the beginning I

30:01 felt the integration the neural integration as well as the wisdom that

30:09 comes from that integration and I knew that the insights I was receiving that was what was worth

30:16 it and that is also the proof If you have a fantasy if you make yourself

30:22 believe that I was this or that happened to me and this isn't true which in the

30:29 beginning when you get a memory like that you're like no no this is not possibly true it can't be true well if

30:38 it isn't true and you're going deeper into fantasy you do not become a more whole person you do not become more

30:45 functional the reason that I'm able to express myself as I am today is all

30:50 because I've healed and because the healing is this process that brings you closer and closer to truth and that

30:58 begins with your own truth with the truth about yourself I don't I didn't want to believe that any of this was

31:04 true of course you never want to believe that you are such a victim you want

to

31:09 be able to be think that you're strong even if it's not true but that this did not happen to you you don't want to

31:15 believe that you were so humiliated you don't want to believe that this is actually you so the process of first

31:24 getting the flashbacks and then considering them and then work working with it and it's the memory comes back

31:30 it's not like you get a nice timeline you know and it's like a nice story of like this is the beginning and that is the end you get flashes get thrown into

31:38 this thing and then the emotional part is coming back again and your whole energy body is full of this stuff which

31:43 happened in the past and then the things coming back and yeah and so on right yes

31:50 yes and the only proof that you have at that point is that you you're

31:56 understanding yourself better you can have cover memories for example things that you've always

32:02 remembered or your own behavior that didn't make sense and suddenly you get the memory and you're like ah now I

32:08 understand that about me now I understand why I said that to my mother now I understand why she said that

32:15 there's all these things that start to make sense that maybe before didn't or they were seen in a different context so

32:22 so your life starts to make more sense and yes eventually I mean

32:28 when you get into this kind of abuse for a long time you may not be functional because it's so heavy and I can tell you

32:35 that many years um my life has been well

32:40 extremely difficult I don't wish it on anyone uh to be to be feeling that much

32:47 pain uh to be feeling so much grief I don't wish that on anyone not even the

32:52 perpetrators that to be feeling that pain but as I'm feeling the pain pain

32:58 I'm that I'm gaining in wisdom and that's the proof and then there are

33:05 things that from the memory I've gone the check for

33:11 example there was a boy that try to help me and when I was 11 that when I was 10

33:19 he was 13 and when I was 11 he was 14 he tried to help me he was from the

33:25 outside he came from a town that was actually not at all close to where I was

33:31 living and um he tried to help me

33:36 and eventually he was killed for trying to help me and I had

33:43 spoken to him and then I was um you know how did he officially die he officially died of an accident

33:50 which is what the man WHO killed him told me he died of an accident I went to that town

33:58 I found his death record I shouldn't have known you see this is not evidence that can be used in

34:05 courts because there is a boy and there's an official death record that he died of an accident but I knew this boy

34:12 and I knew where he lived I found his home I found his death record um you know that is for me is

34:22 proof

34:42 [Music]

34:56 um here

35:04 I was um in Belgium rescued by a young gangster named Patrick Ames WHO was extremely

35:10 violent and WHO um was you my book uh Quest For Love is

35:18 really about that relationship with this young gangster okay WHO was 20 when I met him and at age 11 I was going to be

35:27 killed really because of him he was extremely violent you know let's not uh

35:32 you know make him better than he is he was um you know not at all uh well okay

35:37 so he abused me maybe more than anyone else had ever abused me and because of him I was going to be and because I had

35:44 spoken I think because I had spoken to the to the boy that was killed you know

35:50 on the outside I was also going to be killed and um and that was all because

35:56 of this gangster Patrick k now the last minute when the torture

36:01 started that was to kill me he wasn't involved in that he was just watching um

36:08 he actually I reached him then I looked in him in the eyes and I reached him and

36:13 he had a change of heart so I was taken away to continue this torture which was

36:21 in Belgium by the way it was in the house of that um um minister of National Defense at the time W WHO was a man WHO

36:29 was a prime minister twice in Belgium um I was taken to a a special

36:36 room a secret room with a butcher block where I was tied to this Butcher's Block

36:41 and I was tortured but while this happened this gangster made a deal to get

me

36:50 out and this is I write extensively about this in my book this is what got

36:55 me out this B away this deal eventually got him killed as well not right away but his

37:03 deal was that he was going to work for the politician in EX in illegal of

37:09 course secretly in exchange for my life well eventually that kill that got him

37:15 [Music] killed podcast and so V

37:25 this El why don't they just kill you why are you

37:31 still alive and I'm I'm happy that you are and I'll I'll protect you with all I

37:38 have right but but let's knock on wood first of all okay let's let's just not

37:44 uh mess with the the that idea too much but um

37:51 firstly the gangster when I had a near-death experience

37:58 so I was dead when I came back from the

38:04 near-death experience which was an absolutely glorious experience but I was clinically dead when I share the

38:11 experience well it's also in my book but let me answer your question at least first we could maybe get come back to it

38:18 but I had this near the the the situation in which I was

38:23 released I I had been tortured there was a lot else that happened that night I

38:29 ended up dead on the floor and the gangster was now left there he had to

38:36 clean up when I came back to life everybody was

38:43 gone the way that I know this gangster I could not imagine that he would go and tell them that I was actually alive and

38:50 that he brought me home so first of all I think that the people in the Belgian Network believed that I was dead the

38:57 people people from the global Elite Network where I was one

39:03 year they had put so much

39:08 programming in me to kill myself and also to never be successful

39:15 that they probably felt that that was sufficient they have you anyway right so

39:21 they don't need to worry or something well there's something else there um why

39:26 they wouldn't have killed I asked the question very many times when David Rockefeller was done with me and and

39:32 this was for one year I was being prepared to be part of it and then I was going to get a platform I was being

39:38 trained to be famous in France while this was all happening um I was being faced

39:46 increasingly with what that meant so while I was suddenly being treated much

39:52 better and everybody was nice to me whereas in Belgium everybody was treating me like piece of dirt and now

39:58 everybody's nice to me and I'm you know these men are are act the the those men

40:03 on the world stage are now acting like it's an honor to be to spend time with me so I've become a high class

40:10 prostitute you know from a a throwaway child to a high class prostitute you

40:15 know of 10 years old so being so because I was treated so

40:21 differently I was I was going along a lot more but it involves so much more

than that

40:28 and so after one year I was done and I rebelled and then I was kicked out of

40:35 that what I call the inner circle now the first thing that was done when David

40:40 rockfeller took an interest in me is that my blood was

40:46 drawn that's was a question I I had before but but didn't ask I think it's

40:52 because of the blood lines and your an An ancestry my ancestry so my  
bloodline

40:59 isn't spectacular at all but I didn't know WHO my father was but my mother  
did so I assume that my blood was drawn plus

41:07 they went and asked via VIA to my mother WHO my father was and my father  
comes

41:14 from a line of hugonotes which are French you know small aristocracy or they  
were

41:21 Aristocrats and they they went to Holland and then they ended you know he  
ended up in Belgium

41:29 and also generations of artists and musicians and so I think based on that

41:36 information and based on the fact that there was some nobility in that  
bloodline they said okay she can belong

41:43 I think that was the first entry point because I had that blood I could belong

41:49 and then because they were classical musicians I was going to be a singer  
and because they were you know this this

41:57 bloodline royal blood or a different type of Royal Bloods WHO knows I really

42:04 don't know but that's what I think happened that's why but that was the first  
entry level like if I had not had

42:12 this blood then I don't think I could have been part of it so that was the

42:18 first thing so I think that in his case when I rebelled that had something to do with

42:25 the fact that I wasn't killed that he somehow felt that I was in I belonged on the inside because of my

42:32 blood not on the outside in the belgians they did not care about that at all Paul

42:37 Van buan WHO was the politician WHO was in charge himself was come came from a butcher's

42:43 family he he was he started out as a butcher so he didn't care about any of

42:48 that and he was also not a Satanist he was not what I call a True Believer Satanist he he did all the same things

42:55 but without believing so he was sadist you know in you

43:06 know there is a difference yeah different levels of yeah sanity or yeah

43:13 there's a difference that there's there's those WHO believe in Satan and

43:19 consciously ask for demons and dark spirits to enter you know to that that

43:25 that invite them to take over their body while they do horrific

43:31 things sacrifices offer sacrifices to Satan

43:36 also I mean there is so much proof of that even I mean beyon for example don't want to make any cusions or something

43:43 just but she is telling when I'm on the stage something else comes through it's called Tasha in in her thing and there

43:51 are there are people WHO it's not like they are summoning and they're in contact and they're believing and

43:57 connecting to different type of energy in different Realms right or am I wrong I mean and I've taken too much aaska in

44:04 Peru and stuff like that to know how things work on a not not like a little scale like 2% or something right because

44:13 it's so what I can tell you is that I saw people transform physically that

44:18 clearly that's not the human being clearly that's not I mean it's you it's your physique but you would look you

44:25 know you would have expressions and you know that are just not human anymore and

44:31 that is what I observed I didn't see any

44:36 great Transformations like physical things change I didn't see that but I saw energetically I saw people becoming

44:44 completely inhuman and and and as if they were taken over by another entity

44:50 that's for sure I had one occasion I don't want to go into details but I I I

44:55 met so you can't I met so many people in different like in politics and here and there and in in orders and and

45:03 Freemasons and I I met them all or maybe maybe all and I had one situation where

45:08 a woman was talking to me we were arguing about something and then it it went click and I could feel that there

45:14 was a presence behind her like three or four meters and she was speaking in a different language fluently in an old

45:21 old language trying to um an intimidate me or something right

45:27 but then I yeah I spoke back with my language or my my type of

45:34 spontaneous yeah so why did I tell you this this but well that's what satanists

45:40 do consciously that's how the ult words you know it's using the subtle forces

45:46 out there you know when we when we when we when we are seeking light we

are

45:53 looking to those um beings that are of a higher

45:58 vibration um so that we can evolve as human beings so what satanists do is

46:05 they call on the lower vibrational beings these are intelligences separate

46:11 from us pram and they you they they call on them

46:17 to get the ultimately the power material Goods I mean it's always the same  
I've

46:23 never um you know I have never felt as seen and

46:29 understood as when I was sitting with um rild a rosfield WHO was WHO

46:37 was WHO had observed me for a few minutes and immediately saw exactly  
what

46:44 it was that I needed the most which was respect and he started our

46:53 conversation by promising that I would receive re

46:58 expect and then after that all the material things that they can offer the

47:05 fame the um biggest houses the best cars the yacht I was promised all this  
when I

47:13 was N9 years old in a conversation where I was being

47:18 invited and had to give my will and so obviously in that

47:25 situation I said yes and then a year later I realized

47:31 what out out of fear or out of the the thing that you going to get something

47:36 better of course I did not feel fear in that moment I should have but I didn't  
know you can't at this point of with

47:42 nine years or you can't you just there's no connection no no no this is not an

abuse

47:48 situation see this was David Rockefeller had picked me out

47:54 and I had spent several weeks in triage so even though there was a lot of sexual

48:00 abuse it was about training now sexual abuse was training but also I was being

48:07 treated very nicely compared to before MH I was he was seeing what my talents

48:15 were but meanwhile he was getting me used to he was taking me to his own homes one in West this U mansion in

48:22 Westchester his home in um New York City and then also a home in Maine um near

48:30 Bar Harbor and I was um being

48:35 introduced to the lifestyle the food the the

48:41 clothes how to eat how to uh recognize the good cotton from the

48:48 cheap I was getting an education and at the same time for example he would we

48:55 would stand in front of a a paint and he would let me speak we spoke French he spoke French to me I spoke

49:01 French to him and he would let me speak about the painting so he was actually

49:07 repairing my ability that I have an eye for art and I know that this ability

49:15 would have been used inside the network that I was trained for something inside the network where I would have a

49:21 platform as a singer an actress you know but ultimately I would also bring

bring

49:27 people in um artists because of my eye I would draw artists to me and I would

49:33 bring them into the network you see artists that are independent that are truly talented I would repair their

49:40 talent and then I would be um their you

49:45 know um their their mentor and bring them into the network

49:51 so that they basically they would belong to the network and they would be controlled so that was a job I was

49:57 receiving from the inside but it was all about he was looking at me he was seeing

50:03 things in me and I felt for me seen and heard for the first time in my life what

50:10 did you see in him well he was like it for me I didn't know WHO he was right

50:18 I didn't know that this was a Rockefeller I I didn't barely know that name but probably had heard the name but

50:24 that name never came up and I should say something about that because he took me shopping on Madison Avenue

50:31 mhm it is not considered classy to use the name of a

50:37 famous person when you're around them you're not supposed to say the name

50:42 you're supposed to treat them like they're a God and you're supposed to give them

50:48 everything that they want and you're supposed to treat them like special but you're not supposed to

50:53 you're never you're supposed to know WHO they are and treat them that way but not say the

50:59 name because that's considered it's considered low class so everybody knows

51:05 that everybody knew that you know nobody ever said the name but they were all treating him like he was a gift from God

51:12 so what he was to me was like a father an incestuous father you know he

51:20 was seeing me like I'd never been seen and then when we together were with

51:27 reld rodel saw even more and he saw even deeper so for me I

51:34 felt really happy as a child and you know to grow up

51:39 emotionally you need to be seen you need to be accepted for WHO you are that's what I was experiencing with that type

51:45 of history as well I mean it's it's a completely contrast emotionally

51:51 so so

51:59 mind controll mind Controla mind controlling

52:46 [Music] yes of course and children you know are used in the network because for a

52:53 pedophile you see I was punished and this happened so the first time when

52:58 I was taken to the network I stood up against them so then I I get threatened you know with you're going to you're

53:04 going to die and here we we mean it we you know we we are serious about when we

53:09 say you're going to die when you speak out then I spoke out anyway to my mother

53:16 now the mind control that I had there was there was a part of my training that

53:23 was official mind control so I was sent to hi highle in Germany under the opes

of Dr Hans

53:30 hamson which WHO created Familia by the way for everybody WHO wants found was

53:36 the founder with Margaret s of profamilia now Hans hson was in charge of the Mind Control in this small

53:43 facility in heidelber which was a villa very close to the Schloss MH in

53:50 heidelber and it was mostly happening in the basement there and he uh

53:57 um I was extremely cruel and um he was

54:03 um so there were three handlers there young men from I think from the East

54:08 frankly I don't think they were uh from Western Germany I they were young men from the East were just about 20 years

54:14 old three young men that were basically in charge that mind control training which lasted one

54:21 month that was the official which people say MK Ultra it's more like that MH I

54:27 was there the whole time and I was being tortured for very specific purposes so

54:34 there was no experimentation happening like there would have been in the camps this was

54:40 like no David Rockefeller and together with r Shield had decided okay she's going to

54:47 be this Persona she's going to become that kind of sex slave Elite sex sex

54:52 slave to the elite she's going to attract the the most powerful men in the world

54:57 for me so for that that therefore she needs to be

55:02 famous and so what was done there was so

55:08 scientific can you give me some examples because I'm very interested in the techniques how they do it because most

55:15 people can't can't comprehend it can you give me some example because I'm really

55:21 researching the brain and stimulus as well what What can you

55:26 [Music] okay well there's one I talk about a lot which has to do with being forced to watch films and then being being

55:34 um um basically choked or drowned when I

55:41 get the answer wrong and then that choking and drowning gets me so then then I then I lose

55:48 Consciousness and I actually become more intuitive and get the answers more easily but I want to talk about a

55:55 different one because um I think it's I don't speak about it that often but it's

56:02 for a German speaking audience it's maybe interesting because the Teta training so there's

56:08 different parts of training and so this is the Teta training the Teta part of the training I was put in a in a in a in a

56:16 saltwater tank in a floating tank like you you use

56:21 for well this tank the salt water was warm but it was um it was deep enough

56:31 that had I fallen asleep I would drown or of course if I panicked then I would

56:36 also drown so I had to stay awake I was weightless and awake and I had been uh

56:46 given um picture of WHO ended up being called kinger I didn't know his name k

56:52 kisinger was the former Chancellor in Germany and I had to focus on him and

I already

56:59 you know could tell from the previous training that he was a pedophile he liked girls my age that he had a soft

57:05 spot but I didn't really know what it was and then I had to focus on him so

57:12 now I believe that there were people with him at this time to check my

57:19 answers but I had to enter into his Body Mind system into

57:28 his Consciousness and then apparently I was

57:33 told he has he has already heard about you so someone told him about me from

57:38 the network and I was sold as the next hot

57:43 hot ticket in the net inside the network this child that's going to be famous and

57:50 I could tell I was reporting now that his weakness is that he's afraid

57:57 he was afraid because he was older now he was not the chancellor anymore he was older there was some humiliation around

58:04 you know because he was slapped in the face and all that that that was fair so

58:10 he was afraid that he was aging out and there was something he believed himself to be

58:16 a good man and he didn't understand that he wasn't ruthless enough believe it or

58:23 not to be even though he had been a Nazi he wasn't ruthless enough to really be

58:29 growing in the network so he was sort of on the way out and he was feeling that and he was very

58:36 afraid to lose this but he didn't know what he could do to come back and so I

58:42 was sold to him as oh if you have her and she you know you're with her she's

58:49 going to be really big and she'll get you back in so I had to know enter into

58:57 his so I was receiving flashes of his what he smells you know like I smell

59:04 coffee sometimes so I could hear it's like like like remote viewing right with  
rura and this the remote viewing project

59:10 Stargate and all of this to consciously connect to his to him right

59:16 but it's more than remote viewing because it's like I had to insert my  
Consciousness into his and manipulate

59:22 his thoughts like Inception do an Inception type of thing it is you know you  
know I I met I met

59:28 people I don't want to call any names and nobody would know them anyway  
but was telling me there are people in the

59:36 bundes in Germany like the secret secret uh what's the English yeah Secret

59:41 Service and he said look I met PE he he met like the the leader from scull and

59:47 Bone Europe which which happened to be in this group and he said look he  
has a

59:52 like a a star on both hands his lines and he can do some kind of uh rituals

59:58 and if he concentrates on you and has a picture to connect or something right  
like stimul from from this person he can

1:00:05 just yeah basically if they if they have a group of three or

1:00:10 five people WHO concentrate on you you're going insane and jump out of  
the window because they can insert you any

1:00:16 thoughts or things type you have to be very careful that the thoughts that  
you're thinking are your own thank you

1:00:23 thank you you know and of course thoughts are never how you know how you know by the way for everybody WHO says

1:00:28 okay how you know well I think it's very that's where spiritual practices are

1:00:33 very important that you heal and you can focus on positive thoughts uh and that

1:00:40 when you know that you have a negative thought that there is something that you can heal or when you know you are triggered and you have an emotional

1:00:46 reaction a negative emotional reaction that this is it's something in you that needs to be healed because what I was

1:00:53 taught to do with cising was I first had to find his weakness but

1:00:59 what is his weakness this is in the network it's called a weakness in a tough world it's called weakness but in

1:01:05 a healing world it's called vulnerability and it's his blind spot

1:01:10 from his own trauma that he hasn't healed so the fact that he wanted to belong and the fact that he thought he

1:01:17 was good and he wanted to belong to this club came from his own insecurities from his own unhealed childhood wound and I

1:01:25 was trained to come and pretend to to to to to to to

1:01:32 be the one WHO makes the healing for him or help him yeah to soothe that while of

1:01:39 course so that's how these men would fall in love with me because obviously

1:01:44 these men that need so much power they're all extremely traumatized otherwise you don't need that power

1:01:50 these are extremely deeply insecure men otherwise you don't need to be on the top of the World there is no need to

1:01:58 have that much money or power unless you are making up for something that you're

1:02:04 missing inside which is your self-esteem and the self-esteem comes through the healing and the self-esteem comes

1:02:11 through your connection to Spirit so connection to Spirit is extremely important and um

1:02:19 self-awareness is extremely important that you can always look at yourself and be

1:02:26 honest you know be honest with yourself that's what these men none of these people can do that they're all cowards

1:02:32 you know in the network it's all it's all cowardice so I was literally trained

1:02:37 to go into his blind spot that's to say his unhealed trauma and I was doing that from a

1:02:44 distance and he he recognized it did you ever talk to him did you meet him in person afterwards I did but first I had

1:02:52 to again how it works the mind control works so I'm doing this now to another

1:02:57 person I'm being I'm getting taught to do this from it all from a tank by the way where I

1:03:04 didn't sleep probably for days you know so you get into a weightless state for very many days you can't sleep so it get

1:03:11 puts you into different states and it actually really increases your ability to to be psychic I have been in a

1:03:17 floating tank I know this one but not where you can completely drown I know a normal floating tank with where you

1:03:24 float but you haven't been in it for days either have no just for half an hour hour so that's the torture part

1:03:30 where you know they go and take you so much farther because you need to that

1:03:36 that is what brings these special gifts out so um you have to the way that you

1:03:43 are being forced is that what is created

1:03:48 is urgency so I had to get into his swound his fear that he wasn't going to

1:03:54 belong and then I had to create urgency so he has a fear now I come in there in

1:04:01 that fear and I say it need you need to do it now you need to do it now you need to um be with her otherwise you're going

1:04:08 to lose out and she's going to be with other people and you'll never see her again so I was creating so first it's

1:04:18 and you see on a mass scale um you know there's the mass mind control you go

1:04:23 into people's fear and then you create urgency like this needs to happen now and when you're being put in a state of

1:04:30 urgency you don't think at all anymore you just follow orders yeah rep Here

1:04:35 Comes comes online and the whole Co stuff you see it it's the the human mind is pretty simple actually like really

1:04:42 simple with such type of commands or prompts that's Mass yes so I had to do

1:04:49 that to him and then in the next the following year so this was I was in

1:04:55 heidleberg in the summer of 72 all of the whole month of August of 72 I was

1:05:01 there then after that I was sent back home to Belgium back with my mother and

1:05:07 my stepfather and you know normal family life going to school and then I was taken to Germany by Belgian handlers

1:05:14 very often and then we would go oh I was in this little hotel pension with K

1:05:21 kinger and it would just be me and him and in one room and and these people

1:05:26 were so glad oh they felt so honored to welcome good Kinga and I didn't speak

1:05:33 German but I knew how to stay in the background and no one ever asked you

1:05:39 know if they would have asked I would be his niece but nobody ever asked what I was doing there or was

1:05:46 sleeping yeah he didn't try to hide anything you know sometimes they had a little C like the bed the cut but he

1:05:54 just took me in the bed and then they never even messed up the cart to make it look like I slept in the

1:06:00 cart never had to do that so I was I he loved Germany he he really loved uh the

1:06:07 country Germany and so I actually ended up loving the country Germany because I

1:06:13 saw so many beautiful places Often by the river um you know little hotel

1:06:19 pension on the river um there's certain smells and everything that I have strangely good memories of that

1:06:26 why why strangely that's totally normal how you you program yourself or how you you copy the the the experiences it's

1:06:33 not strange so he was a pedophile and obviously you can say that he's not a good man um and at the same time he was

1:06:42 he had a little bit of goodness in him and the network you know they don't have most of

1:06:49 the people in the network they don't even believe that you can be innocent they don't even believe in innocence or

1:06:55 goodness they think that everybody WHO thinks they're good is lying but he had a

1:07:00 little bit in him and that's what made him naive

1:07:17 [Music]

1:07:43 GP of control yeah that is it and the thatw

1:07:49 consists of conspiracy theory and I can hear and scream already in the

1:07:54 background you know yeah because in Austria I I work with some survivors in Austria and it's very

1:08:00 bad there um and even to the point that this false memory um false memory is

1:08:08 getting new life in Austria while this has been completely uh found out to be the The hoax that it

1:08:16 is here in the United States this is long gone um is it's really not based on

1:08:22 anything real and dissociation is real you know but um yeah so Austria is pretty thick

1:08:29 in that way um what did you hear about Austria can you share some insights I

1:08:34 think I think since you are working so I know that the Network's pretty pretty

1:08:39 active there but I want to answer your other question that you know how the network operates and um you know maybe

1:08:48 so the so there's small networks everywhere like each town can have a few

1:08:53 people even that are part of this satanic Network it's essentially satanic

1:08:59 um so there can be just a few people that have a few positions you know one lawyer one judge and one police chief or

1:09:07 something you know that are in just one little town and so they um keep the

1:09:14 control already in their way you know like there's going to be some corrupt police there's going to be um you know

1:09:21 some cases of even just sexual abuse they get off because the lawyer is going to make sure that the the perpetrators

1:09:28 get off and and often uh perpetrators get a break if they offer their children

1:09:35 you see then if their children can be used in an organized manner then um that's how some children

1:09:43 end up in the network because their their incestuous father was caught by

1:09:48 police and then they go in um and so it happens on a very small

1:09:55 level and so these people obviously want Power they're very big on knowledge so often

1:10:02 the Freemasons for example WHO are really big on all what is knowledge but not no heart but everything had

1:10:09 knowledge um that is one society that then culminates often in you know people

1:10:16 connecting to other networks and then to the bigger Town networks and then from

1:10:22 the bigger Town networks we have the Belgian um national network which I was thrown

1:10:28 in right away because it's a very small country so it became the Belgian national network and then they connected

1:10:34 to the global core what I call the Inner Circle which was where rothel um David

1:10:42 rockfeller and a lot of celebrities at that time a lot of politicians at that time they were connected to the global

1:10:49 um Elite Network which is satanic also and which comes through Masonry it can

1:10:55 come through the church the Vatican it can come through the Jesuits it can come through various secret societies

1:11:03 organizations OPP um which we have here in Vienna and there are lots of

1:11:08 connections with our ex counselor and and stuff like that yes and so those societies have lots of members that are

1:11:16 completely unaware of what happens at the top levels so you have U like with

1:11:21 the Masons you have Masons that up to the 30 30 3rd degree don't know what

1:11:27 that means the 33rd degree and then there's people that will stay in a 32nd

1:11:33 degree their whole lives because they don't understand what it really means to be in the 33rd so once you get uh the

1:11:40 33rd then um the gur and so forth so this is really where it goes to do as

1:11:46 thou wi so um I think the group I was in they were particularly prone to the

1:11:52 teachings of Alistar Crowley and the you know the the do as thou Wilt which comes

1:11:58 from you know the idea that you can then do anything and anything when you have

1:12:03 everything and you can do anything um there is no reason that it should be so

1:12:08 dark you know if you can do anything when you have everything you would think that what you would do is end Hunger you

1:12:14 know end world hunger end War but instead the reason that we can't change

1:12:21 anything in the world is because this Secret is not unveiled yet and it will

1:12:28 need to be aware that it really exists and um this awareness alone I think will

1:12:35 change things absolutely absolutely I think it's very important that we are

1:12:40 speaking about this this this whole topic because the truth whatever the

1:12:46 truth is I have no idea what the real truth is uh but these things needs to need to get out and from my own research

1:12:54 I think maybe it's it's too too soon for this but there is a spiritual component to

1:13:01 this all of these things all of these rituals like okay there is pedophile and you go the lad up and then there is the

1:13:07 pedophile stuff and the dark stuff but there are different layers as well which are in different dimensions or different

1:13:13 and I I had a if if I could share this this to you I was in in while I was in

1:13:19 Peru we did a a ceremony with the shamans there and there was a point the other boy

1:13:27 boy was screaming in pain suddenly and the whole room just dropped

1:13:32 vibrationally everything was quiet like not not a sound somewhere and that I can

1:13:38 only describe it as the the Lord of Darkness himself was in this room and I could feel it like I I I knew what it

1:13:45 was what the function was and I could feel his respect for me which was

1:13:51 completely insane and I was like okay we recognized each other but he can't

1:13:56 defeat me and it's not about the fight you can't win if you fight the darkness because it's the other part of the story

1:14:03 and then I realized okay fuck we all need to forgive them like all of them

1:14:08 like it might it sounds crazy and a lot of people can't comprehend it yet but it's like I see it for for me personally

1:14:16 and I'm not involved and have this type of experience you have but I think ultimately as a collective that's the

1:14:22 great test can you forgive them for what they did and we don't don't even know why they are doing it in the first place

1:14:27 and why they had to do their part of the story or play their role in the whole Cosmic game you know what I mean but if

1:14:34 you understand yourself completely you'll understand why they do it because it is indeed a spiritual matter and you

1:14:41 know the the fact that you there is choice you know I was asked to give my

1:14:47 will when I was 9 years old to Roth shield and I did at that time because I didn't know any better but you have to

1:14:53 give your will actually five times okay and the following year I did

1:14:59 not give my will and then that was the end of that you see well what happened if you when you said uh uh when when you

1:15:06 said no what happened what was the reaction did you get uh that was my rebellion and that's when I was

1:15:11 completely kicked out of the Inner Circle my plans completely changed and I was

1:15:18 reprogrammed in so I wasn't killed and I said as I mentioned earlier I really took a long

1:15:25 time for me to understand why I wasn't just killed when I rebelled but instead

1:15:30 I was reprogrammed um I was thrown in a cage and then I was

1:15:37 drugged and so I was humiliated in the cage I was um I was chained up in a

1:15:45 dungeon and programmed uh to to make me feel and I was told in no

1:15:53 uncertain terms that I was worthless that I didn't deserve uh any success

1:15:59 um and this was very gross everything was very gross and

1:16:05 um because I was left there so long with a lot of gross stuff um I um I believed

1:16:12 that I was I did believe that I was worthless and then eventually I was just picked up um by the belgians so I went

1:16:20 through this reprogramming which was torture for three days

1:16:26 and um and this was by the way in a place in Germany somewhere where it was an official

1:16:33 building that's all I know it was 1973

1:16:39 um and it was maybe May or something may around then in 1973 it was an

1:16:46 official building there were two basement levels so I was in the cage a hanging cage in

1:16:52 the basement level but I the other people there the other prisoners were

1:16:58 adults that was next to a young adult WHO was also being taken downstairs to

1:17:04 be tortured so when I was downstairs in the these these

1:17:09 dungeons I was w i was chained to the wall and tortured there and um in these

1:17:15 dungeons I heard people scream but they were not children so people were being tortured

1:17:22 there in 1973 that were not children that were being inter interrogated and that were being

1:17:28 tortured and um so I was uh from what I could hear uh and see the

1:17:36 only child there but um I was basically reprogrammed to make sure that I would

1:17:41 never feel that I would become a star on my own accord you know I was going to be a star I had this whole

1:17:48 life in in great detail U was explained to me what my life was going to be like

1:17:53 in extremely great detail so I knew everything that was going to happen script like a script yes yes and I know

1:18:01 these people that did do that you know because there's a small group um I was being trained by a

1:18:06 particular uh famous French singer composer um and his wife was a singer

1:18:13 also and it was I was going to be singing in this style very specific to

1:18:19 me more classical songs but I was going to sing them in a very sexual way so I knew group I was going to belong to and

1:18:26 everything I knew how I was going to be treated I knew where I was going to live I mean you know the city and what it was

1:18:32 going to feel like and look like like they're programming a whole identity yeah yeah yeah that was that was my

1:18:38 Persona that was being created and then as this uh young first young child

1:18:45 singer and then afterwards um adult young you know young adult women woman

1:18:51 um singor actress I was going to be sold so you know you you raise the price if

1:18:57 you sell somebody WHO's a star you know you're you're making millions you're not making a few thousand you know what I

1:19:03 mean so already I think go Kinga was my

1:19:09 guinea pig that was part of my training and um that was fine everything

1:19:15 was good we were all set to go and it was really the ritual that was to be my

1:19:23 official entry into to the network that where I I decided no not doing it and

1:19:31 that Rebellion then ended up costing me you know this reprogramming and then but

1:19:38 then I was just pushed back to the Belgian Network and then I spent another year and a half in the Belgian Network

1:19:45 until the the young gangster finally got me out but I forget what uh question I

1:19:51 was answering to you because it was really about it's not it's not important no yes it is it's it's it's just the

1:19:59 thing which there might be people especially Germanic people that are that are still thinking about what I started to talk about and they're like hey I

1:20:05 want to know what that oh the spiritual there I remember

1:20:10 you were talking about the spiritual level so um so so

1:20:17 Satanism is uh using occult which is the perversion of spirituality um to

invite Dark Forces

1:20:26 and you know like you had this experience with um you know Satan or a

1:20:32 representative that um that is all about keeping you it is

1:20:38 said that Satan Reigns this realm because this is obviously a realm of duality of dark and light so

1:20:46 Satan's job is to try to pull us down so that we will remain on the material

1:20:53 Level and and all the perpetrators for all their occultism they're very materialistic obviously and and then we

1:21:00 have this greed that they have this incredible greed that um it's not enough

1:21:06 to have several billion dollars they need more they need everything and need to control everything so it's really a

1:21:12 mental illness it's a me it's the people that are ruling the world are completely

1:21:17 insane because they are purely materialistic ultimately and they're uh

1:21:22 completely narcissistic so they're the least fit to

1:21:30 you know to rule But ultimately what is needed is the connection to Spirit to get out of

1:21:37 it the reason that I stood up when I was 6 years old and the reason that I said no I'm not doing this is because I was

1:21:46 already re I was already also receiving help by the way spiritually while I was

1:21:51 being tortured I received often received some kind of help so there is something

1:21:56 in me that was connected still to Spirit

1:22:02 and I think it's our innocence that is the rep that is our spiritual self and

1:22:08 in the network they try to kill that innocence and then you don't believe that you're a spiritual being anymore

1:22:14 and you lose connection to Spirit and that's the network then you you can open

1:22:19 your mind and you can connect to dark uh dark uh forces entities but you cannot

1:22:26 connect to yourself as spirit and yourself as Spirit that's not the body it's not the

1:22:32 body mind system it's not your thoughts it is beyond and that self that

1:22:38 is beyond the consciousness of you that Divine spark that is beyond WHO uh we

1:22:46 apparently are that is where we have to go and this is happening already you

1:22:52 know this this is already you can just tell that we are coming into a higher age from the Middle Ages for

1:22:59 example the fact that all this technology has been found is because we're in touch with subtler energies are

1:23:07 given to us yeah like the AI think and all the stuff which is coming right now that's a lot of things right now all the

1:23:13 technology is perverted because it's all used for controlling us rather than that

1:23:20 we all use this technology to make our lives easier but eventually we won't you we won't even need this technology

1:23:27 anymore because we'll have the Mind capacity to connect like you know we're

1:23:32 being taught inside the network but it's all about the the the the

1:23:39 biggest quality that is missing in um people that are in the network is

1:23:46 humility and someone WHO is truly humble is someone WHO has to be very connected

1:23:52 to spirit because then you have nothing to

1:23:59 prove yep and so that's what I pray for that I'm I'm just following my intuition

1:24:07 and following spirit I do my practice I meditate I pray um I have you know deep

1:24:16 faith and I have a part to play you know and I'm just going to play it whatever it is it's not what I wanted from the

1:24:22 ego I can tell you that I'd rather not be talking about this subject WHO

1:24:27 thought about this at the beginning did I choose this for myself or that's a lot of things I question myself on a yeah a

1:24:36 lot of occasions oh wow I let me just wrap my

1:24:43 head around all of this this input it's so so it's so fascinating

1:24:49 because I'm I'm really good in like projecting myself into other people or

1:24:55 stories or experiences and it's I think you have and I think they

1:25:02 know it's regarding about your not your blood but your type of energy and that's

1:25:10 I think why you are guarded or shielded from different type of En I don't hate

1:25:16 anyone I certainly do not hate these people I I'm not doing this for Revenge

1:25:22 I know there's a lot of people that are you know have attached themselves to this cause and think that this is a war

1:25:28 no I think we want to just get away from war that's that's the point exactly

that's the point

1:25:34 because I I Tred in German okay because um okay um

1:25:57 sorry

1:26:24 I I'm so sorry I killed I'm sorry what would they do they

1:26:29 would it's like Jesus like hang him on the cross and it's the same thing it's the same repeating pattern on a

1:26:36 conscious level and that's the reason why they are not coming out and I I'm one I can feel it there are so many

1:26:43 people WHO would love to like speak up like really get it off their soul and the

1:26:49 chest not only the victims but the the perpetrator and all of them but where

1:26:55 should they go what should they do what kind of advice can we give everybody WHO

1:27:00 is involved like in a in a in an active way what would be the advice for them

1:27:07 like write an email or start praying that's about Spirit of course yes pray

1:27:13 um yes I know I feel it too I feel that there are a lot of people WHO are stuck in the network but really don't want to

1:27:19 be there anymore if for no other reason that they're on the way out and they're not winning anymore which is why a lot

1:27:27 of people wanted to belong because they were just top of the top once it's exposed it's really not fun anymore and

1:27:34 a lot of people never wanted to be killers they never wanted to do this you

1:27:40 know you get pulled in and okay that you don't have the strength one time to say

1:27:46 no and then you you end up stuck you know so to all these people at the

1:27:52 moment really the only only place they have to go is they have to

1:27:58 surrender to Spirits you know find Christ or a

1:28:04 Yogananda but someone a figure reconnect with yourself or or or the unconditional

1:28:11 love that is the Divine mother in the universe the Divine intelligence that is

1:28:16 running everything without spirituality you know it's true they have nowhere to go that is true they're all they're all

1:28:24 Lonely by the way all of them are lonely because it's not like they're friends together it's all fake they they can't

1:28:31 be friends they're not mature they can't have mature friendships they're all spying on each other you know so all

1:28:39 they have is the surrender to Spirit and whatever that means you know

1:28:46 I am very intuitive so I did this podcast with um um on uh pdb podcast

1:28:54 recently saw this one it was immediately clear that I had to do it and then I

1:29:01 prepared spiritually I prepared for it because it wasn't going to I when I was

1:29:06 invited from my ego I would not have said yes but it was yes I have to so it was

1:29:14 clear I had to do it and then it was a matter of preparing spiritually preparing to do it um and then um you

1:29:23 know look what happened you know it's not only is it going viral but everyone is it's like his resistance is getting

1:29:34 people to connect with me more um so yes I was supposed to do that

1:29:40 and I did it so I am very intuitive and that intuition is the voice of God it is

1:29:47 the voice of truth that is deep inside that that is the the quietest voice so

1:29:52 yes prayer and meditation when you've done a lot of harm it's very difficult

1:29:59 to redeem yourself it's very difficult to to acknowledge first to because

1:30:06 there's the issue of guilt and shame when you are

1:30:12 abused as a child you're being shamed you're taking on shame that does not

1:30:18 belong to you so this shame is imposed because this shame and guilt are imposed it is

1:30:25 unbearable you can't go through life feeling that you are the shameful being

1:30:31 because in fact you are child of God you are light so the people go to the dark side so as

1:30:39 not to feel that shame that was originally imposed on them and as they go to the dark side they do a lot of

1:30:45 things that would actually require for them to feel shame to heal from it so to

1:30:53 feel shame in the beginning for a perpetrator is not only will they feel the shame of what

1:31:00 they've done but they will feel the shame that was imposed on them that doesn't belong with them and it

1:31:06 may well it's like I know what you mean the container crashing on your head you

1:31:12 know it's very heavy so I want to just say to those WHO might be listening that

1:31:18 and you can be sure there are some WHO will listen I don't know I hope I hope so I

1:31:26 hope so maybe we can help them but it is all about surrender which is very

1:31:32 difficult word for people WHO want the control but it is surrender surrender to

1:31:38 the greater truth if you connect with truth

1:31:44 you are connecting to God it's when you stay with truth that will go ultimately

1:31:51 to the truth about you it will go to the truth in the world it will bring your

1:31:56 intuition which is the voice of truth you don't have to believe in God you can just follow truth and then this will

1:32:04 take you there but it is lonely and I just want to say it is lonely that's why

1:32:10 you need spirit because there is no person in the world I sometimes I work

1:32:15 with perpetrators I do but the at the moment what is happening

1:32:21 is that this C is you know the right is trying to own

1:32:28 this cause and say we're the ones that are bringing it out so that means these

1:32:33 people on the right they're saying get those perpetrators and kill them what I mean that's what I mean yeah exactly

1:32:39 right that's exactly what we don't need ex agree that comes from a place of

1:32:44 unhealed trauma where your own anger towards your own people WHO hurt you

1:32:50 when you were little you still want revenge that's that's where you're lacking in understanding and you're

1:32:56 lacking in maturity and that's where the perpetrators come from when they lash

1:33:04 out it all you are trained in the network you're abused and humiliated and

1:33:10 you're you have to take it take it take it take it and then they give you one

outlet to release all of that

1:33:18 frustration and it's destructive so that's what happens and that's if if we want to do that in the

1:33:24 world then we're just like them so if we want to be different we have to look at ourselves and heal

1:33:33 ourselves nothing more I can add to that that's exactly the way how I saw it a few years years ago that's the like if

1:33:41 if God is watching or whatever you want to call it spirit it's that's exactly the way it

1:33:46 should be like I think most of the people not only the victims but the the

1:33:51 The Listener or the the everybody at home WHO is like hearing this and then

1:33:56 getting angry you we should kill him they touch our children okay okay yes yes you are right from the from the from

1:34:03 your feeling about right and wrong but your action need to be really like you

1:34:09 need to be very careful about your thoughts and your action because then you're not the devil wins you know he

1:34:17 wants to get OB people there are people WHO belong in prison of course I'm not

1:34:22 I'm I don't want to them get get me right I don't want like we have rules and no but I am saying this because this

1:34:29 comes at me a lot that I am protecting them no it is really um necessary to yes

1:34:37 to to to do what is necessary but not kill yeah

1:34:43 yeah um let me just have a a small sneak peek about my my topics I wrote

down and not

1:34:50 not not ask all um we talk about the what do you think can I can I throw in

1:34:57 in some some some names and your perspect uh perspective because I think

1:35:04 you've worked with a lot of um victims and I think you have a really good on I

1:35:10 can't do that I can only speak about the people that abused me I I have heard a lot of names over the years working with

1:35:17 victims but I would never uh reveal those names don't I I don't want names I don't want that you you say names but

1:35:25 am I right that you have a really good overview and inside view regarding names

1:35:31 of of victims and so on I mean you should have a really work with victims

1:35:36 all day long so so I I hear a lot so why why or how can we set up some kind of

1:35:43 international whatever to bring this whole topic and or are you are you going

1:35:49 this way or you don't want to go this way because it's nothing not your path you know what I mean that's not not my path yeah that's not my did did you find

1:35:56 someone whose path it is already or do what do we need not yet not yet okay not

1:36:03 yet because lots of people and I talked with with some and said yeah g to have

1:36:08 this interview and wow I have no idea why why she's CH chosing me and I have the agreement but I don't know either

1:36:15 you know it's intuitive thank you thank you very much since the since the

interview on pdb podcast I've had a lot

1:36:21 of requests okay thank you thank you very much or thanks to your spirit because I had the same feeling when I

1:36:27 watched your eyes and your reaction and it's it's like on a deeper and I get this calling to contact

1:36:33 you then I need to talk to you and then normally it it works you know because I'm doing the the right stuff but what

1:36:39 do you think is needed at the moment because I'm not the one like I can my my

1:36:45 special ability is to make the the transition or make the the the translator to some people but I'm not

1:36:50 the one WHO's doing it because then I would do I'm mean so much stuff uh already but do we need an organization

1:36:58 or do we need someone like an email like write an email or what what do you think what could we do my mission is this my

1:37:04 mission is this is is first of all you know the Revelation part which is

1:37:10 telling my story and telling my story in a way that people can understand that

1:37:16 this is real that is um part one of my mission but the second part of my mission which is what excites me a lot

1:37:23 more is that I've developed a healing modality for everyone that is called the

1:37:30 unconditional model and I've been teaching that for years already I already traveled around the world to

1:37:35 teach it to therapists but it really is for everyone and it

1:37:41 is based on my unique experiences of course with power and then power

1:37:47 dynamics and it says the basic the basis is that we all

1:37:53 are caught in this toxic power Paradigm how do we get out because how do we

1:38:01 participate without realizing in this toxic power Paradigm because we're all

1:38:06 this is not a thing that exists separate from us it's existing also because of us

1:38:14 so how do we participate so one way that we participate that I say is that it's a

1:38:20 toxic power structure that at the people at the top are the ones that are evading

1:38:28 healing and that are putting their trauma onto everyone below where the people um at the bottom

1:38:36 we are going to be the most the the most the least privileged let's say the ones

1:38:41 disenfranchised are going to have the children are going to suffer the most in

1:38:47 this Paradigm and privilege in this sense is a a an invitation a tool for to

1:38:55 keep the Division standing because it invites you you get a privilege you don't do anything for it you have the

1:39:01 privilege and it invites you to think that you deserve something when you

1:39:06 don't to think that you're better to not look deeper in yourself and to uh

1:39:13 uncover um your truth and your pain and your trauma and

1:39:20 basically when we look up to people and we give our power

1:39:25 away um we can look up to people that are more powerful and richer than us and

1:39:30 think that they are better than us somehow which is what the power Paradigm suggests but we could also look up to

1:39:38 teachers or we can look up to this person and that person that may not follow the Paradigm but we're doing it

1:39:45 anyway we're giving our power away here we're thinking this person is great and then on the other side so this is when

1:39:52 we project power up Ward and we give our power away and we think we we are taking

1:39:58 this person we we are making them into an authority figure which is really saying that it is

1:40:06 a representative we're putting ourself in the role of the child and we're making

1:40:12 somebody that that authority figure is really a representative of our own childhood and it's something that's not

1:40:17 resolved with that authority figure from childhood when we put ourselves in the role of a child as an adult

1:40:24 results and then when we know that we can go to that projection and then I

1:40:30 have developed these exercises to go and look at that what that really means and how we can heal from that and then on

1:40:36 the other end we look down on certain people like when the moment we have a

1:40:42 value judgment over someone like you're saying you know there's no need to kill

1:40:47 people because then we're taking part in the same cycle so I'm saying okay well

1:40:52 when you feel the desire to kill someone you're projecting down or when you

1:40:58 say you're projecting down on them and this can be you know you could be projecting down on the elites or you can

1:41:06 project down on the poor you know whatever it is you projecting down somehow and that projection is a value

1:41:12 judgment where you give yourself the power and you place yourself in the role of the authority and you know so this

1:41:20 again is another entry into your own unresolved trauma negative projection

1:41:26 positive projection doesn't matter it's all power dynamics so it really is um a

1:41:32 model that works to um create extreme awareness of all the different power

1:41:39 dynamics and how it relates to our own personal trauma and so we can heal our trauma in the context of changing the

1:41:48 world wow where can we where are you giving this are you giving the lectures or you're is there a webinar or is it a

1:41:56 private session or how how can people yes I've had several online courses for that I'm going to be coming to Holland

1:42:02 in February to do a two-day workshop on this um you come to as well you want

1:42:09 to come to Oscar as well well it's not part of the plan for now but maybe we we can talk about that

1:42:16 for the future but um I am starting so I have been doing these um indepth courses

1:42:23 uh with um my business partner Christina Merkley um where we there are 10 we

1:42:29 courses so that you really can get an indepth view of what this is because

1:42:34 it's so unusual you know I am the leader but I don't need to be in that position

1:42:39 of the leader which is the first thing you know that it takes a while before people understand that I don't need that

1:42:46 and then things shift and a lot of people are people maybe like you WHO have followed integrity and then have

1:42:54 paid the price for it you know and end up like oh what happened now I've been pushed out there and there because I

1:43:00 have integrity and so a lot of people end up in my course that are that have H

1:43:06 held on to their truth and integrity and then this makes sense that the model

1:43:12 makes sense of it all of course there's the background of the satanic um Network

1:43:19 which is at the head of the toxic power structure but there is the whole uh way

1:43:24 in which you know we have maybe tried to fight tried to become aware of it so

1:43:31 this creates not only the community but also practical ways of how to uh move

1:43:37 forward and I have done three online courses on a beginner level and we're

1:43:43 about to uh publish a kit um that is the basically the the basic course um and

1:43:53 starting in February also um a second level course mostly for providers you

1:43:58 know to go deeper into this um into this into the model and then of course I'll

1:44:03 be I've been so busy I haven't you know published The Book of the unconditional model but that is in the works and as

1:44:10 you can hear that excites me you know that that I find uh that is what I love to

1:44:16 do you're sparkling when you're when you're talking about it that's a really nice that's a really nice

1:44:24 uh an few an the time is is sticking you said

1:44:29 you have have another another meeting in a in a few few minutes I I should really go yeah um let me just try to I hope you

1:44:37 understand it in in German cuz I need to go de deeper with this one

1:44:52 um

1:45:05 [Music]

1:45:21 for for

1:46:21 whatever Spirit connect

1:46:52 Badness

1:47:17 V we we we we are leaving a time where

1:47:23 exploitation and manipulation and lies and love is the antidote

1:47:30 where um it is connecting to truth it is connecting to our true selves and it is

1:47:38 the only thing that makes a difference in anything and and you see it working in your own

1:47:45 life when you choose it you see the results in your own life in the small ways in the big ways and it is the

1:47:54 attractive force in the universe so we have a duty to align

1:48:01 ourselves with love and what it means and what what love on the highest level

1:48:07 of course you know the satanists would like you to believe that romantic love is the highest love that is complete

1:48:14 brainwashing the spiritual divine unconditional love that is what we all

1:48:20 need to connect with and that is the only thing that heals and there is

1:48:25 plenty of it and it's often a matter of allowing it in just opening your heart

1:48:31 to allow the love in because you you will feel the when you open your heart and you let the love in you will

1:48:37 immediately also feel the pain thank you and that is what is

1:48:44 needed now that is where we that's where we have to go thank you thank you very

1:48:50 much well all the best from Vienna and thank you very much and thanks to the

1:48:55 the listeners and everybody WHO is seeing this thanks for your support thanks for your prayers and I'm not sure
