Will The Conspiracy Against Trump and American Democracy Go Unpunished?

Posted By *pcr3* On February 5, 2018 @ 7:17 am In Articles & Columns | [Comments Disabled](#)

Dear Readers: This is one of the most important articles I have written, along with this one: <https://www.paulcraigroberts.org/2018/02/02/nuclear-posture-review/> ^[1]. If the Russiagate conspiracy against Trump and American democracy goes unpunished, accountable government in the United States will cease to exist. US security agencies have long been involved in coups against foreign governments. Now they are involved in one against America. There is great danger that Republicans are so worshipful of "national security" and so determined to protect the reputation of the US government that they will give a pass to the high officials who participated in a conspiracy against the United States. As for President Trump, he lacks a government that he can count on and is threatened by the military/security complex. The conspiracy could easily be whitewashed as merely a case of the FBI and DOJ not following proper procedures, with the media's participation in the conspiracy being dismissed with mea culpas of "sloppy reporting."

Will The Conspiracy Against Trump and American Democracy Go Unpunished?

Paul Craig Roberts

"In keeping silent about evil, in burying it so deep within us that no sign of it appears on the surface, we are implanting it, and it will rise up a thousand fold in the future. When we neither punish nor reproach evildoers, we are not simply protecting their trivial old age, we are thereby ripping the foundations of justice from beneath new generations." – Aleksandr I. Solzhenitsyn

The American people do not realize the seriousness of the Russiagate conspiracy against them and President Trump. Polls indicate that a large majority of the public do not believe that Trump conspired with Putin to steal the presidential election, and are tired of hearing the media prostitutes repeat the absurd story day after day. On its face the story makes no sense whatsoever. Moreover, the leaked emails are real, not fabricated. The emails show exactly what Hillary and the DNC did. The public knows that these transgressions were pushed out of news sight by the false story of a Trump/Putin conspiracy. The fact that the entirety of the US print and TV media served in a highly partisan political way to bury a true and disturbing story with a fake news story—Russiagate—is one reason some polls show that only 6% of Americans trust the mainstream media. All polls show that large majorities of independents, Republicans, and youth distrust the mainstream media. In some polls about half of Democrats trust the media, and that is because the media is servant to Democratic Party interests.

Russiagate is a dagger aimed at the heart of American governmental institutions. A conspiracy involving top officials of the Obama Department of Justice, FBI, and other "security" agencies was formed together with Hillary Clinton and the Democratic National Committee, the purpose of which was to defeat Trump in the presidential election and, failing that, to remove Trump from

office or to discredit him to the point that he would be reduced to a mere figurehead. This conspiracy has the full backing of the entirety of the mainstream media.

In other words, it was a coup not only against Donald Trump but also against American democracy and the outcome of a presidential election.

There is no doubt whatsoever about this. The facts are publicly available in the declassified Top Secret Memorandum Opinion and Order of the FISA Court—

https://www.dni.gov/files/documents/icotr/51117/2016_Cert_FISC_Memo_Opin_Order_Apr_2017.pdf ^[2] and in the declassified report from the House Intelligence Committee—given by the

presstitutes the misleading name of the “Nunes Memo,” as if it is Nunes’ personal opinion and not the findings of months of work by an oversight committee of Congress—

All of this information has been posted on my website for some time. If you have difficulty following my explanation, former US Attorney Joe DiGenova explains the felony actions by the FBI and Obama Justice (sic) Department here: <https://www.zerohedge.com/news/2018-01-21/brazen-plot-exonerate-hillary-clinton-and-frame-trump-unraveling-says-former-fed> ^[4]

Briefly, the National Security Agency discovered that the FBI and DOJ were abusing the surveillance system. As a favor of one security agency to another, NSA Director Adm. Rogers permitted the FBI and DOJ to rush to the FISA Court and confess their transgressions before the NSA informed the Court. The FBI and DOJ pretended that their deception of the Court in order to obtain surveillance warrants for highly partisan political purposes was not due to their intent but to procedural mistakes. The FBI and DOJ told the Court that they were tightening up procedures so that this would not happen again. The FISA Court Memorandum and Order clearly states:

“On October 24, 2016, the government orally apprised the Court of significant non-compliance with the NSA’s minimization procedures involving queries of data acquired under Section 702 using U.S. person identifiers. The full scope of non-compliant querying practices had not been previously disclosed to the Court.”

What this legalese jargon is saying is the the FBI and DOJ confessed to obtaining warrants under false pretexts. These are felonies: <https://www.globalresearch.ca/nunes-memo-reports-crimes-at-top-of-the-fbi-and-the-department-of-justice/5628246> ^[5]

The FISA Court Memorandum and Order is about resolving these deficiencies and returning the FBI and DOJ to legal practices. For example, the Court Memorandum and Order says:

“On January 3, 2017, the government made a further submission describing its efforts to ascertain the scope and causes of those compliance problems and discussing potential solutions to them. See January 3, 2017, Supplemental Notice of Compliance Incidents Regarding the Querying of Section 701-Acquired Data (“January 3, 2017 Notice”). The Court was not satisfied that the government had sufficiently ascertained the scope of the compliance problems or developed and implemented adequate solutions for them and communicated a number of questions and concerns to the government.”

In other words, the FBI and DOJ were attempting to make corrections to their “compliance problems” in ways that would allow them to continue to mislead the FISA Court, and the Court wasn’t letting them.

The FISA Court Memorandum and Order was released prior to the House Intelligence Committee report and has been completely ignored by the utterly corrupt press prostitutes. The FISA Court Memorandum and Order, relying on the confessions of the FBI and DOJ, verifies the House Intelligence Committee report that the FBI and DOJ illegally obtained spy warrants for partisan political purposes.

Rep. Adam Schiff, a Democrat who is a disgrace to the voters of his California district, to the Democratic Party, and to the House of Representatives, knows full well that the FBI and DOJ deceived the FISA Court. Schiff is so partisan that he lies to the hilt in the face of hard documented evidence from both the FISA Court and his own House committee. Schiff is so totally devoid of all honesty and integrity that he is the perfect leader for a shithole country, something that he and his ilk are turning the United States into.

The honest left—not the Identity Politics left, which is a collection of deranged idiots—does not believe a word of the concocted Russiagate conspiracy against Trump. They object to the Russiagate conspiracy not because they like Trump, which they most certainly do not, but because they understand that it is a lie directed against truth. They understand that the American mainstream media has deserted factual, truthful reporting and serves as a propaganda ministry for the war/police state that American is becoming.

For example, Eric Zuesse holds The Atlantic and its prostitute writer, David A. Graham, to account for lying about the House Intelligence Report: <http://rinf.com/alt-news/editorials/democratic-partys-hack-atlantic-tries-dismiss-nunes-memo/> [6]

Andre Damon writes on the World Socialist Web Site: “The Democratic Party was thrown into disarray Friday after the publication of a classified memo exposing as a factionally-motivated witch hunt the investigation by leading intelligence agencies into the Trump administration’s alleged collusion with Russia. . . . The release of the memo once again underscores the fact that the US intelligence agencies have massively intervened in US politics.”

<http://www.wsws.org/en/articles/2018/02/03/nune-f03.html> [7]

The real left, as opposed to the fake left, understands that the people have no chance when the highest officials of the Department of Justice and the security agencies join in a conspiracy against a democratic outcome. When the justice and police authorities have no respect for the truth, as the Russiagate conspiracy proves, the people are doomed. If the FBI-DOJ-DNC-prostitute conspiracy goes unpunished, The Lie will have prevailed over The Truth and all of us will be endangered.

The important question before us is: will the treasonous criminals in the FBI, DOJ, and DNC be indicted and held responsible? Or do high government officials get a pass as do the police who rob and murder citizens and never face justice for their crimes?

From the sound of things, it looks like they will get a pass. Rep. Nunes felt compelled to say on TV how much he likes Deputy Attorney General Rod Rosenstein, who is a party to the deception of the FISA Court. President Trump says he will not fire the conspirator against him, Robert Mueller, even though both Trump and Mueller know that the Russiagate investigation headed by Mueller is a concocted conspiracy against American democracy and the President of the United States. It seems that high government officials, like state and local police and executives of "banks too big to fail," are above the law.

What about the FISA Court, readers ask, why did the FISA Court let the FBI and DOJ get away with their illegal acquisition of spy warrants? Once the Court knew about it, the Court did not let them get away with it, as the Memorandum and Order makes clear. The FISA Court does not have prosecutorial power to indict and bring a case against the FBI and DOJ criminals. That has to be done by the DOJ, and the DOJ is not going to indict itself.

Former US Attorney Joe DiGenova believes that continuing investigations will result in high officials being indicted, convicted, and sent to prison. If the US is to have any future as a country in which government is accountable to law, it is essential that DiGenova be correct. However, I will believe it when I see it.
